INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
City of Taft/Ford City-Taft Heights
Sanitation District
Taft, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of the Wastewater Treatment Plant of the City of Taft / Ford City-Taft Heights Sanitation District (the WWTP), as of and for the fiscal year ended June 30, 2014, which collectively comprise the WWTP's basic financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, and each major fund of the Wastewater Treatment Plant of the City of Taft / Ford City-Taft Heights Sanitation District, California, as of June 30, 2014, and the respective changes in financial position, for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Management has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the budgetary comparison information on page 16 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the WWTP's basic financial statements. The Schedule of Revenues, Expenditures, and Changes in Fund Balance, Budget and Actual – Capital Projects Fund is presented for the purpose of additional analysis and is not a required part of the basic financial statements. The Schedule of Revenues, Expenditures, and Changes in Fund Balance, Budget and Actual – Capital Projects Fund is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 18, 2015, on our consideration of the WWTP's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the WWTP's internal control over financial reporting and compliance.

**WASTEWATER TREATMENT PLANT
CITY OF TAFT / FORD CITY - TAFT HEIGHTS SANITATION DISTRICT
RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES
FOR THE FISCAL YEAR ENDED JUNE 30, 2014**

Net Change in Fund Balances of Governmental Funds \$ 358,265

Amounts reported for governmental activities in the Statement of Activities differs from the amounts reported in the Statement of Revenues, Expenditures, and Changes in Fund Balances because:

Governmental funds report capital outlay as expenditures. However, in the statement of activities the costs of those assets are allocated over their estimated useful lives as depreciation expense.

This activity is reconciled as follows:

Cost of assets capitalized	\$	11,044	
Depreciation		<u>(50,513)</u>	(39,469)

Debt repayments are reported as expenditures in the governmental funds.

The repayment is not an expense in the statement of activities as it is a reduction of a long-term liability. This amount reflects the difference between compensated absences accrued and compensated absences paid for the period.

(898)

Change in Net Position of Governmental Activities

\$ 317,898

The notes to the basic financial statements are an integral part of this statement.

NOTES TO THE BASIC FINANCIAL STATEMENTS

**WASTEWATER TREATMENT PLANT
CITY OF TAFT / FORD CITY – TAFT HEIGHTS SANITATION DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2014**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The primary function of this organization is the operation and maintenance of the sewer treatment facility serving the City of Taft (the City) and the Ford City-Taft Heights Sanitation District. In accordance with the terms of the “Joint Exercise of Powers Agreements” between the City of Taft, Taft Heights, and Ford City Sanitation District dated May 29, 1950, amended March 7, 1966, restated April 24, 1972, and restated August 21, 1991, covering the “Joint Sewage Project – 1972,” the City of Taft was designated to act on its own behalf and on behalf of each of the other agencies, to operate and maintain the Wastewater Treatment Plant (WWTP). All costs to operate and maintain the facilities shall be paid by the City of Taft and the other agencies in the following cost share ratios:

52 percent shall be paid by the City of Taft
19 percent shall be paid by the Taft Heights Sanitation District
29 percent shall be paid by the Ford City Sanitation District

The WWTP has access to the services and facilities of the City and the City’s staff. The City assists the WWTP in the planning, financing, acquisition, construction, and maintenance or operation of the activities undertaken by the WWTP in accordance with the agreements and the applicable state and federal law. The costs incurred and paid by the City on behalf of the WWTP may include a part of the salaries and benefits of the City officers and employees who performed services for the WWTP, and are reimbursed by the WWTP.

The financial statements of the WWTP have been prepared in accordance with accounting principles generally accepted in the United States of America (USGAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the standard-setting body for governmental accounting and financial reporting. The more significant of the accounting principles are described below:

A. Reporting Entity

The City of Taft operates the WWTP pursuant to the Joint Exercise of Powers Agreement noted above. The WWTP is not a separate legal entity and therefore is not included as a component unit of the City. Because of the City’s oversight responsibilities, the funds of the WWTP are included within the fund structure of the City. The financial statements of the WWTP do not purport to, and do not, present fairly the financial position of the City of Taft as a whole or the Ford City or Taft Heights Sanitation Districts as a whole.

B. Fund Accounting

The accounts of the Wastewater Treatment Plant are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures. Government resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The WWTP uses two funds as follows:

Capital Projects Fund – the Capital Projects Fund is used to account for financial resources to be used for the acquisition or construction of major capital facilities.

Special Revenue Fund – the Special Revenue Fund is used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes.

**WASTEWATER TREATMENT PLANT
CITY OF TAFT / FORD CITY – TAFT HEIGHTS SANITATION DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2014**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basis of Accounting/Measurement Focus

Consistent with the City’s implementation of GASB Statement No. 34, *Basic Financial Statements and Management’s Discussion and Analysis – for State and Local Governments*, the WWTP financial statements report information on both the accrual and modified accrual basis of accounting. The differences between the two presentations are discussed below.

Statement of Net Position and the Statement of Activities

The Statement of Net Position and the Statement of Activities are presented on an “economic resources” measurement focus and the accrual basis of accounting. Accordingly, all the WWTP’s assets and liabilities, including capital assets, are included in the accompanying Statement of Net Position. The Statement of Activities presents changes in net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned and expenses are recognized when the liability is incurred. Interfund activities (such as transfers) are eliminated from these statements.

Balance Sheet and Statement of Revenues, Expenditures, and Changes in Fund Balance

Governmental fund financial statements include a Balance Sheet and a Statement of Revenues, Expenditures, and Changes in Fund Balance for each fund. A separate statement is presented to report the differences in fund balance as presented in these statements to the net position presented in the Statement of Net Position. All governmental funds are accounted for on a “spending” or “financial flow” measurement focus and the modified accrual basis of accounting. Accordingly, only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance is their net current assets, which is considered only to be a measure of available resources. Governmental fund operating statements present a summary of sources and uses of available resources during a period by presenting increases and decreases in net position. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become measurable and available to finance expenditures of the current period. Accordingly, revenues are recorded when received in cash, except that revenues subject to accrual (generally 60 days after fiscal year end) are recognized when due. Revenues susceptible to accrual are investment earnings and assessments from member governments.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred, except for principal and interest on long term obligations which are recognized when due. Because of their current financial resources focus, expenditure recognition for governmental fund types excludes amounts represented by non-current liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as governmental fund expenditures or fund liabilities.

D. Budgetary Policy and Control

1. General Budget Policies

The Taft City Council approves each fiscal year’s budget for the WWTP as part of the overall City budget submitted by the City Manager prior to the beginning of the new fiscal year. Public hearings are conducted prior to its adoption by the Council. All appropriations lapse at year-end. The City Council has the legal authority to amend the budget at any time during the fiscal year. The City Manager has the authority to make adjustments to the operating budget within program areas. Transfers of operating budget appropriations between program areas or to or from appropriated reserve accounts, use of unappropriated fund balances, cancellation of appropriations and all changes in capital improvement project budgets require the approval of the City Council.

**WASTEWATER TREATMENT PLANT
CITY OF TAFT / FORD CITY – TAFT HEIGHTS SANITATION DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2014**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Budgetary Policy and Control (Continued)

2. General Budget Policies

The City maintains budgetary controls to ensure compliance with legal provisions embodied in the appropriated budget approved by the City Council. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) for the operating budget that is the program area – total for all funds. Formal budgetary integration is employed as a management control device during the fiscal year for the Governmental Funds.

3. Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of funds are recorded in order to reserve that portion of the applicable appropriation, is employed in the governmental funds. Encumbrances do not constitute expenditures or liabilities.

E. Cash/Investment Policy

In order to maintain an effective investment program, all cash is pooled with the cash and investments of the City of Taft and amounts not required for day-to-day financial transactions are invested as approved by the Taft City Council on a pooled basis and earnings are allocated to each fund on the basis of its average cash balance at the end of each quarter. Investments are carried at fair value.

F. Capital Assets and Depreciation

Capital assets, which include land, buildings, infrastructure, machinery, and equipment, are reported in the Statement of Net Position. Capital assets are defined as assets with an initial, individual cost of more than \$500. Sensitive items with costs below \$500 are also included. Such assets are recorded at historical cost or estimated historical cost if actual historical cost is not available. Donated capital assets are valued at their estimated fair value on the date donated.

Capital assets are depreciated over their estimated useful lives using the straight-line method. This means the cost of the asset is divided by its expected useful life in years and the result is charged to expense each year until the asset is fully depreciated. The purpose of depreciation is to spread the cost of capital assets over the useful lives of these assets. The amount charged to depreciation expense each fiscal year represents that fiscal year's pro rata share of the cost of capital assets.

Depreciation of capital assets is charged as an expense against operations each year and the total amount of depreciation taken over the years, called accumulated depreciation, is a reduction in the book value of the capital assets. The WWTP has assigned the useful lives listed below to capital assets.

Structures and improvements	20-40 years
Machinery and equipment	5-20 years

**WASTEWATER TREATMENT PLANT
CITY OF TAFT / FORD CITY – TAFT HEIGHTS SANITATION DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2014**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

G. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

H. Use of Restricted Resources

When both restricted and unrestricted resources are available for use, it is the WWTP's policy to use restricted resources first, and then unrestricted resources as they are needed. Restricted resources are defined as resources received from outside agencies dedicated for specific projects or purposes.

NOTE 2 – CASH AND INVESTMENTS

The WWTP's cash and investments are pooled with the funds of the City for deposit and investment purposes. Interest on pooled cash and investments is credited to the funds based on each prospective fund's average cash balance at each quarter end. Detailed information concerning the City of Taft's pooled cash and investments can be found in the City's Annual Financial Report for the fiscal year ended June 30, 2014. The WWTP's cash and investments balance at June 30, 2014 is \$3,636,879.

The WWTP's cash and investments are held within the City of Taft's investment pool. As the WWTP does not hold specific investments or deposits in its name, the cash and investments are not evidenced by deposits or securities that exist in physical or book entry form.

NOTE 3 – CAPITAL ASSETS

During the fiscal year ended June 30, 2014, the following changes in capital assets occurred:

Governmental Activities	Beginning Balance July 1, 2013	Additions	Deletions	Ending Balance June 30, 2014
Capital Assets Not Being Depreciated:				
Land	\$ 18,750	\$ -	\$ -	\$ 18,750
Construction in Progress	121,950	11,044		132,994
Total Capital Assets Not Being Depreciated	<u>140,700</u>	<u>11,044</u>		<u>151,744</u>
Capital Assets, Being Depreciated:				
Machinery and equipment	284,425			284,425
Structures and improvements	2,696,723			2,696,723
Total Capital Assets Being Depreciated	<u>2,981,148</u>			<u>2,981,148</u>
Less Accumulated Depreciation For:				
Machinery and equipment	(268,135)	(4,496)		(272,631)
Structures and improvements	(1,886,100)	(46,017)		(1,932,117)
Total Accumulated Depreciation	<u>(2,154,235)</u>	<u>(50,513)</u>		<u>(2,204,748)</u>
Total Capital Assets, Being Depreciated, Net	<u>826,913</u>	<u>(50,513)</u>		<u>776,400</u>
Governmental Activities Capital Assets, Net	<u>\$ 967,613</u>	<u>\$ (39,469)</u>	<u>\$ -</u>	<u>\$ 928,144</u>

Depreciation expense of \$50,513 was charged to general government on the Statement of Activities for the fiscal year ended June 30, 2014.

**WASTEWATER TREATMENT PLANT
CITY OF TAFT / FORD CITY – TAFT HEIGHTS SANITATION DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2014**

NOTE 4 – INTERFUND TRANSFERS

Interfund transfers as of June 30, 2014 were as the following:

<u>Fund</u>	<u>Transfers in</u>	<u>Transfers out</u>
WWTP Capital Projects	\$ 131,200	\$ -
WWTP Special Revenue		131,200
Total	<u>\$ 131,200</u>	<u>\$ 131,200</u>

The transfer into the Capital Project Fund is for building a reserve that will be used at a future date for large maintenance projects and/or reconstruction of the facility. This is an agreed upon amount between all District members.

NOTE 5 – COMPENSATED ABSENCES

During the fiscal year ended June 30, 2014, the following changes occurred in the governmental activities compensated absences:

<u>Governmental Activities</u>	<u>Balance</u> <u>July 1, 2013</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance</u> <u>June 30, 2014</u>	<u>Due in</u> <u>One Year</u>
Compensated Absences	\$ 2,892	\$ 1,057	\$ (159)	\$ 3,790	\$ 3,790
Total governmental activities long-term debt	<u>\$ 2,892</u>	<u>\$ 1,057</u>	<u>\$ (159)</u>	<u>\$ 3,790</u>	<u>\$ 3,790</u>

Compensated Absences

The short-term portion of the liability is recorded in the various funds and is determined to be the amount due to employees for future absences, which is attributable to services already rendered, and which is expected to be paid during the next fiscal year. The long-term portion is recorded only in the Statement of Net Position. As of June 30, 2014 all compensated absences are current.

NOTE 6 – NET POSITION/FUND BALANCES

Net position is divided into three captions. These captions apply to net position as determined at the government-wide level and are described below:

Net Investment in Capital Asset describes the portion of net position which is represented by the current net book value of the District's capital assets, less the outstanding balance of any debt issued to finance these assets.

Restricted describes the portion of net position which is restricted as to use by the terms and conditions of agreements with outside parties, governmental regulations, laws, or other restrictions which the District cannot unilaterally alter. These principally include debt service requirements.

Unrestricted describes the portion of net position which is not restricted as to use.

**WASTEWATER TREATMENT PLANT
CITY OF TAFT / FORD CITY – TAFT HEIGHTS SANITATION DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2014**

NOTE 6 – NET POSITION/FUND BALANCES (Continued)

Fund balances are divided into five classifications based primarily on the extent to which the WWTP is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

1. Nonspendable Fund Balance

That portion of a fund balance that includes amounts that cannot be spent because they are either (a) not in a spendable form, such as prepaid items, inventories of supplies, or loans receivable; or (b) legally or contractually required to be maintained intact, such as the principal portion of an endowment.

2. Restricted Fund Balance

That portion of a fund balance that reflects constraints placed on the use of resources (other than nonspendable items) that are either (a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

3. Committed Fund Balance

That portion of a fund balance that includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision making authority, and remain binding unless removed in the same manner.

4. Assigned Fund Balance.

That portion of a fund balance that includes amounts that are constrained by the government's intent to be used for specific purposes, but that are neither restricted nor committed. Such intent needs to be established at either the highest level of decision making, or by an official designated for that purpose.

Enabling legislation authorizes the WWTP to assess, levy, charge, or otherwise mandate payment of resources (from external resource providers) and includes legally enforceable requirements that those resources be used only for the specific purposes stipulated in the legislation. Legal enforceability means that the WWTP can be compelled by an external party, such as citizens, public interest groups, or the judiciary to use resources created by enabling legislation only for the purposes specified by the legislation.

5. Unassigned Fund Balance

That portion of a fund balance that includes amounts that do not fall into one of the above categories. A General Fund is the only fund that should report this category of fund balance.
